**Andris Staltmanis**

**North America Thermal Systems Center (TAC) Business lead**

**President**

**DENSO Manufacturing Michigan, Inc.**

Andris Staltmanis is North America Thermal Systems Center (TAC) Business lead for DENSO, located in Battle Creek, Michigan.

Staltmanis joined DMMI in 1986 as a process engineer in the Molding department, responsible for the introduction of new equipment, process control, and continuous improvement. He was later appointed to senior engineer where he supervised the Mold and Die department. In 1994, Staltmanis was promoted to manager of Production Engineering, overseeing the molding, die design and HVAC assembly areas. In 2001, Staltmanis was promoted to assistant general manager of the Total Industrial Engineering (TIE) department, responsible for promoting Excellent Factory (EF). He became general manager of HVAC manufacturing in 2006, responsible for manufacturing and maintenance.

In 2012, Staltmanis was promoted to president of DENSO Manufacturing Arkansas (DMAR), overseeing all DMAR operations and TAC Production Control (PC). In 2015, he was promoted to his president of DENSO Manufacturing Michigan, Inc. He assumed his current role overseeing TAC in 2019.

Staltmanis earned a Bachelor of Science degree in Engineering from Michigan State University in Lansing, Michigan.
