

# DENSO

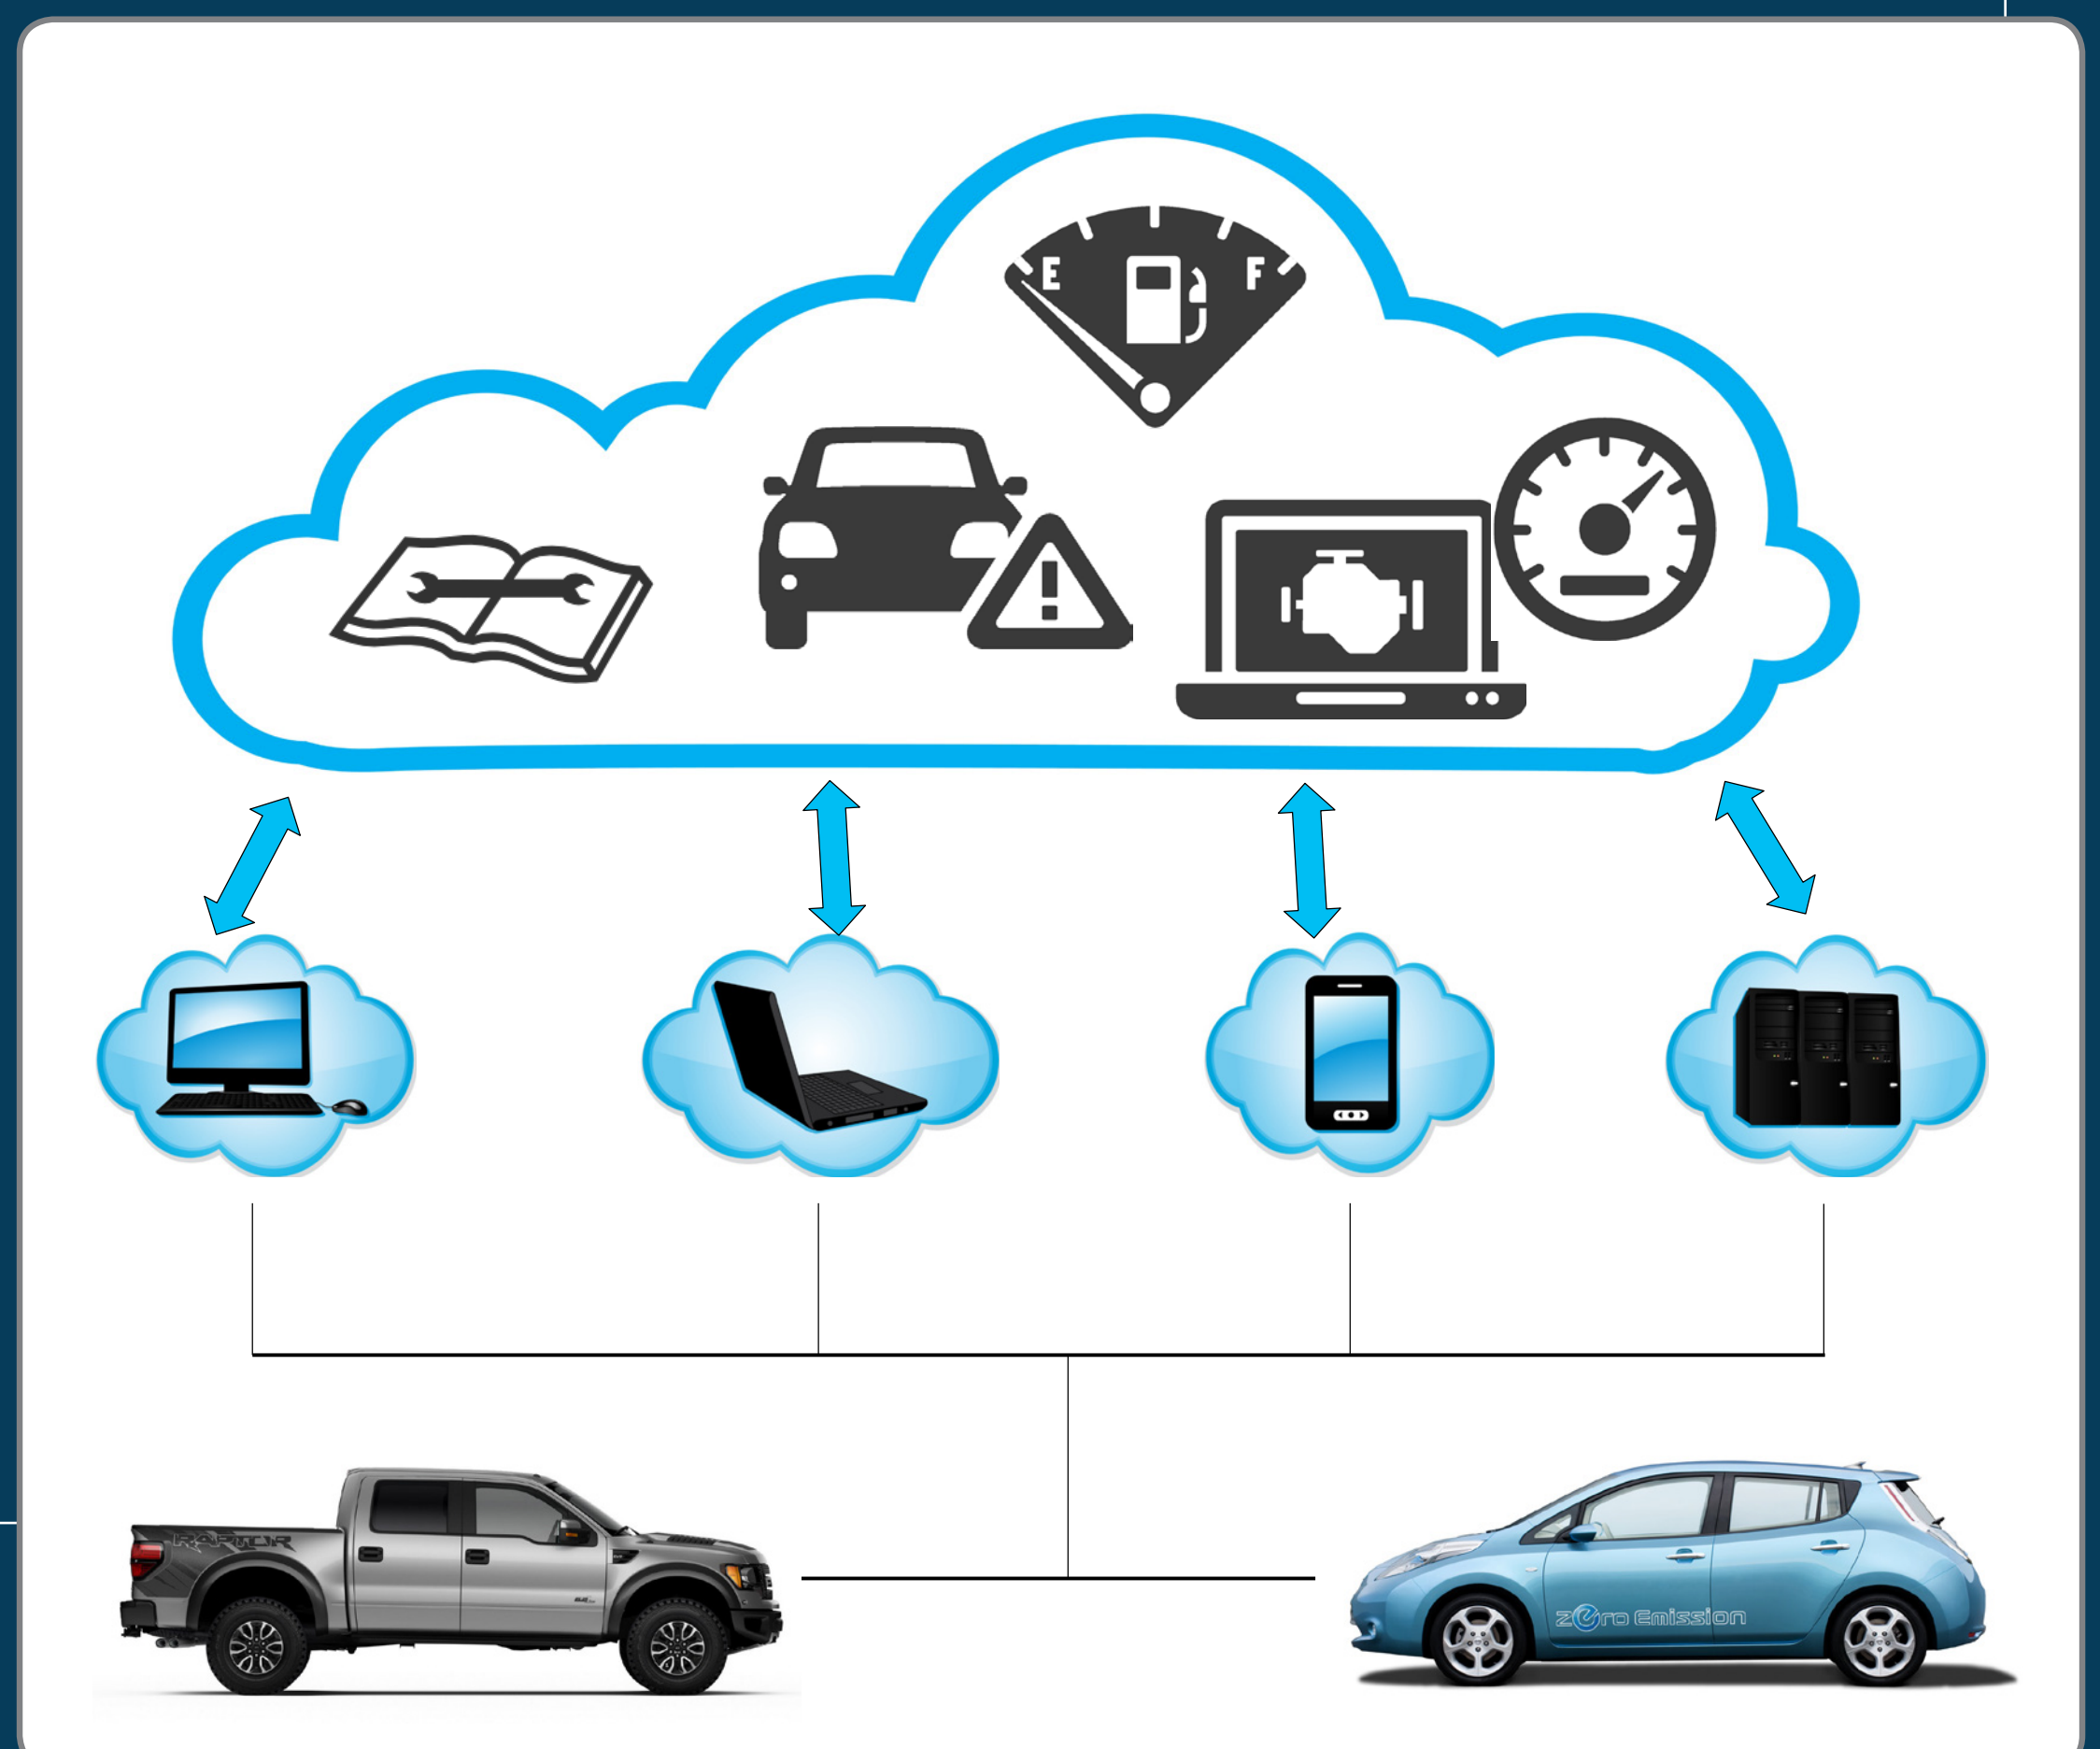

## NEXT-GENERATION VEHICLE DIAGNOSTICS

With a proven history of developing diagnostic systems for automotive manufacturers, DENSO now offers a new next-generation, cloud-based vehicle diagnostics solution that requires minimal effort and performs all the investigating autonomously. Just plug in your device and let DENSO do the work for you.

### What it does:

- ✔ Streamlined vehicle diagnostics and service information for most vehicle models
- ✔ Prognostics to identify hidden potential issues and vehicle performance
- ✔ Effortless vehicle health assessment - no technical skill is required
- ✔ Connected cloud-based platform to support various applications

### How it works:

*Protecting lives, preserving the planet and preparing a bright future for generations to come.*
