**LONG BEACH, Calif.** – DENSO Product and Services Americas announces an agreement with Tiffin Motorhomes to supply RV dash air-conditioning (AC) systems for installation in Tiffin’s entire line of Class A motorhomes. This announcement is a result of a strategic partnership established with Tiffin over the last year.

The DENSO products being installed into Tiffin Motorhomes include a completely integrated Heating, Ventilation Air Conditioning (HVAC) system and dash control panel for streamlined assembly. The units are 35 percent smaller than previous units and are significantly better in cooling, heating and defroster performance. This gives Tiffin another significant feature to promote in the highly competitive motorhome market.

“The new DENSO AC dash system is ‘Built to Exceed’ and is designed to reinforce Tiffin Motorhome’s focus on customer satisfaction. Tiffin has been known for its product innovations, many of which come directly from the voice of their customers. DENSO’s new dash A/C system features a sophisticated electronic multiple-zone climate control module and state-of-the-art air filtration and servomotors for optimal performance and comfort,” explained Frank Jenkins, Senior Manager of Heavy Duty Group at DENSO Products and Services Americas.
