

Innovation Meets Tradition – 2015 IEEE 82nd Vehicular Technology Conference

DENSO International America, Inc. (DIAM) will meet with individuals from academia, government, and industry at the **2015 IEEE 82nd Vehicular Technology Conference** in Boston, Mass., to discuss and exchange ideas in the fields of wireless, mobile, and vehicular technology.

Brian Gallagher, engineer, North America Research and Development Laboratories, DIAM, will present a technical paper titled: **“First development of a DSRC 5.9GHz On-Vehicle Coverage Capability”** on Tuesday, Sept. 8 from 4 – 5:30 p.m. in Marina Room 4. His presentation discusses the development of test capability for 5.9GHz DSRC-equipped connected vehicles. [Download the conference program.](#)
