

National Manufacturing Day Profile

DENSO Manufacturing Michigan

Name – Jon Garms

Title – Lead Associate, Global Standard Radiator (GSR) Core Assembly

Responsibilities – Operate the GSR core assembly machine to optimize performance and production ratio. I also serve as a 'parts picker' to get component parts from the warehouse to the production area.

Length of time with DENSO – 18.5 years

Quote – “I like the technology. There’s a solid foundation here and always a new challenge. My job is different every day, and we always find a way to have fun at work.”

DENSO Manufacturing Michigan, Inc. (DMMI) is the lead production facility for DENSO’s Thermal Systems North American Center (TAC), focusing on the manufacture of automotive air conditioning and engine cooling components and systems.
