## **Michael Bosley**

**Director, Test and Technical Services**

**DENSO International America, Inc.**

Michael Bosley is the Director of Test and Technical Services at DENSO International America, Inc. (DIAM) located in Southfield, Michigan. Bosley is responsible for all testing at the testing center, which include EMC, Environmental, Vehicle, Calibrations and the Prototype Machine Shop.

Bosley joined DENSO in 2010 as the Senior Manager of EMC, where he oversaw the EMC laboratory to ensure all engineering requirements were met and developed test engineering to produce DV/PV reports before assuming his current position in 2018.

Prior to working at DENSO, Bosley worked at General Motors as an EMC Engineer where he developed S-Parameter test software for EMC filter design. Bosley also worked at Ford/Visteon as an EMC Technical Fellow where he developed EMC capabilities and EMC teams in various locations.

Bosley earned a Bachelor of Science degree in Electrical Engineering from Lake Superior University in Sault Sainte Marie, Michigan.
