

## North America International Powertrain Conference

September 13-15, 2017

Chicago, Illinois

Doug Patton (add hyperlink to Doug's bio: <http://www.densocorp-na.com/bios/doug-patton/>), 2017 SAE President and Executive Vice President, Engineering Division Chief Technical Officer DENSO International, Inc., will give the introductory remarks for the Thursday, September 14 Technical Session at 8:05am. DENSO is also this year's Journal and Pen Sponsor.

NAIPC is an invitation-only event, developed by industry leaders, for industry leaders. Planned by the NAIPC Executive Leadership Team, made up of the most senior level powertrain executives in the powertrain business, this exclusive event provides attendees with an excellent and stimulating technical program, as well as an unparalleled networking opportunity. Here, all speakers and topics are carefully selected with the goal of addressing, not only the most important powertrain issues of the day, but also future challenges.
