

SAE 2015 North American International Powertrain Conference

Doug Patton, executive vice president, is on the **executive leadership team** for the **North American International Powertrain Conference (NAIPC)**. NAIPC is an exclusive, executive-level, invitation-only event where the most profound issues in the automotive industry are presented, discussed, and debated. The event focuses on current and future challenges and opportunities in the North American powertrain market. **2015 Event Theme: “55 MPG by 2025 or Bust!”**
